

# Superfriend

## Mary Mary

The machine  
They're here now, but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let go  
A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend  
No sir, there's nothing half way about him  
This world could never be made without him  
No heart, no breath, no mind, no sun, no moon, no time  
He's something like the best of them  
He's nothing like the rest of them  
'Cause they're here now but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let go  
A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend  
Lord, I'm so weak and scared to run  
What have I done to deserve a life like this?  
The devil's scared to fight us in the light  
He hides in the midst of religion  
But I know that my God is listening there for me  
There's a greater mission  
You're no girl, you're no man, but a plan for greater peace  
I'll fight for the light until my flesh falls deceased  
I'm fighting the devil, fighting police  
And in the church, Lord I'm looked at as Satan  
'Cause in my music I curse  
But I'm trying to do better and that's the thing that really hurts  
All this sex and the drugs in my life mean nothing  
  
When my superfriend hugs me at night tears come rushing  
There's no kryptonite, no dealing no lie that could be told  
That can separate the power that you have over my soul

So stunting is a habit when I'm gripping this mic  
Ya'll thinking I'm a pimp but I'm trying to be like Christ  
In real life, yeah  
They're here now but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let go  
A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend  
He heard me before I made a sound  
Caught me before I hit the ground  
He knows everything I need  
Before I tell him anything  
Loves me without requirements  
Can't see him but it's evident  
He's something like the best of them  
Said He's nothing like the rest of them  
'Cause they're here now but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let him go  
A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend  
Can't nobody do me like my superfriend  
Can't nobody do me like my superfriend, no  
Can't nobody do me like my superfriend  
Can't nobody do me like my superfriend, no
