Who Knows

Jimi Hendrix

They don't know,
like I know.
Do you know?
I don't know.
What my baby,
puttin' down.
What my baby,
puttin' down.
I just came back from,
Mexicali.
Just came back in town,

lookin' for my Sally.
Uh,have you seen her?
Have you seen her?
Talkin' 'bout my baby,
talkin' about my baby.
Just came in,just came in babe.
Just came in,just came in.
Spreadin' magic honey,all around,
she's got chains,attached to my head.
Talkin' about,talkin' about,
talkin' about my baby,
I don't know 'bout it.
