

Blaze (feat. Nottz, Ivory Keyes & Blackendeckah)

Krumsnatcha

Blaze, niggas, let's behave, niggas
Tha onez in the club now dictate, niggas This is going out to my homies with Dr. Dre
Why do you think that Sam is gay?
Does he stare at your arse all day?
Isn't that gonna be the 2nd month in a row in May? Blaze, niggas, let's behave, niggas
Tha onez in the club now dictate, niggas So you think you can take my life?
Think you can take my wife?
Well, I'll like to see you try when I've got my knife
