

# Chances (Album Version)

## Five for Fighting

Chances are when said and done  
Who'll be the lucky ones who make it all the way?  
Though you say I could be your answer  
Nothing lasts forever no matter how it feels today  
Chances are we'll find a new equation  
Chances roll away from me  
Chances are all they hope to be  
Don't get me wrong I'd never say never  
'Cause though love can change the weather  
No act of God can pull me away from you  
I'm just a realistic man, a bottle filled with shells and sand  
Afraid to love beyond what I can lose when it comes to you  
And though I see us through, yeah  
Chances are we'll find two destinations  
Chances roll away from me  
Still chances are more than expectations  
The possibilities over me  
It's a fight with two to one, lay your money on the sun  
Until you crash what have you done, is there a better bet than love?  
What you are is what you breathe, you gotta cry before you sing  
Chances  
Chances  
Chances lost are hope's torn up pages  
Maybe this time  
Chances are we'll be the combination  
Chances come and carry me  
Chances are waiting to be taken, and I can see  
Chances are the fascinations  
Chances won't escape from me  
Chances are only what we make them and all I need
