

# Comeback

## Above The Golden State

Down, down, like an aeroplane

Storm hit with a world of hate

I was holding on

But still falling to the ground Turn, turn in the hurricane

Wind hit with the heavy rain

You were calling out

But I never heard a sound And so I'll go back where we started

(Down, down)

I forgot that the heavens are shinning for You

Light up my heart like the new day

I never mind if the darkness has to stay, yeah

I'll comeback with a little faith Burn, burn this consumer's flame

Never thought it could suffocate

Because I can't keep up

And the fire's burning out The world will never be enough with its know how

What can I get now, I'm sick of all your lies

They're such a let down, it got my head in the clouds

Was lost, then I found Your grace I'll just go back where we started

(Down, down)

I forgot that the heavens are shinning for You

Light up my heart like the new day

I never mind if the darkness has to stay, yeah

I'll comeback with a little faith I wanna get back, I know when I'm not right

I'll never look back , back on the old life

'Cause I wanna make a comeback

If it takes me life time

Will You show me where you're at'

And I'll find the way in Your light The rain is over, the clouds are parting now So, I'll go back where we started

And I forgot that the heavens are shinning for You I'll go back where we started

(Down, down)

I forgot that the heavens are shinning for You

Light up my heart like the new day

I never mind if the darkness has to stay, yeah So, I'll go back where we started

(Down, down)

I forgot all the heavens are shinning for You

Light up my heart like the new day

I never mind if the darkness has to stay, yeah

I'll comeback with a little faith
