Nothing I Can Do

Jo Dee Messina

Here I am beggin? you to hold me
When everything is tellin? me to run
I should turn around, leave this town
Without a sound and never say word one, just call it done
But I?m torn right down the middle
I?m on both sides of the line
I know I should be leavin?
But the choice ain?t mine
There?s nothing I can do
I can?t fight it
I got a heart like a rocket
I just gotta ride it
Oh, the cold hard truth
When it comes to lovin? you
There?s nothing I can do
Nothing I can do
These footprints on my heart tell a story
Many times it?s been a steppin? stone
Oh, it?s been pushed around, broken down
Until I found I was better off alone, out on my own
I remember every heartache
Just like it was yesterday
But baby when you hold me
You take all that pain away
There?s nothing I can do
I can?t fight it
I got a heart like a rocket
I just gotta ride it
Oh, the cold hard truth
When it comes to lovin? you
There?s nothing I can do
Oh, I couldn?t help myself from fallin?
Even if I really wanted to
Oh, there?s nothing I can do
I can?t fight it
I got a heart like a rocket
And I just gotta ride it
Oh, the cold hard truth
When it comes to lovin? you

There?s nothing I can do
Nothing I can do
There?s nothing I can do
Nothing
Oh, there?s nothing I can do
Nothing I can do
Oh, there?s nothing I can do, oh no
Oh, there?s nothing I can do
