

# Planet Caravan

## Black Sabbath

"Planet Caravan"

We sail through endless skies

stars shine like eyes

the black night sighs

The moon in silver trees

falls down in tears

light of the night

The earth, a purple blaze

of sapphire haze

in orbit always

While down below the trees

bathed in cool breeze

silver starlight breaks down the night

And so we pass on by the crimson eye

of great god Mars

as we travel the universe
