Emmure

The second I would let her go, the better I'll begin to feel
I'm done with this life, I'm never gonna feel as real
Tear myself to shreds, I tried my fucking best
But letting go was never an option. I'm starting not give a shit.
Let go! That's what you said,
But letting go was never an option, I tried my fucking best.
Let go, that's what you said,
But letting go was never an option, I tried my fucking best!
You said it was only goodbye, liar!
The second I would let her go, the better I'll begin to feel
I'm done with this life, I'm never gonna feel as real
Tear my self to shreds, I tried my fucking best
But letting go was never an option. I find it hard to give a shit!
I don't expect you to understand, why I'm watching you.
Why I'm never coming back! You don't care
And you don't care!
Let go, that's what you said,
But letting go was never an option, I tried my fucking best!
Let go, that's what you said,
But letting go was never an option, I tried my fucking best!
