

Talkin 'Bout Love

KeKe Wyatt

I don't need nobody but you
You don't need, nobody but me
Lovin' you, like one, two, three
All the things, you doin' to me Somethin' 'bout the way that we always get down
Somethin' 'bout the way, somethin' 'bout the way
And how you make me feel when u come around
When you come around, baby come around Yes you got me lovin' all the things you do
Lovin' what you do, lovin' what you do
And tonight i got plans to be lovin' on you
Lovin' on you, lovin' on you Talkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you
Keepin' my body real close to you Talkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you
Keepin' my body real close to you Hot water runnin' with some bubble bath
You can wash me and I'll wash you
Fresh strawberries in the champagne glass
Pop the Cristol, please don't be awhile Got the candles lit with the lights turned off
Candles lit, lights turned off
Wipe the sting from the mirror wanna see it fog
I can see our shadows trippin' off the wall Lead you to the room to the bed
On the floor baby anywhere
I don't see nothin' wrong
With you lovin' on my body all night long Talkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you
Keepin' my body real close to you Talkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you
Keepin' my body real close to you I don't need nobody but you
You don't need, nobody but me
Lovin' you, like one, two, three
All the things, you doin' to me I don't need nobody but you
You don't need, nobody but me
Lovin' you, like one, two, three
All the things, you doin' to me Talkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you

Keepin' my body real close to youTalkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you
Keepin' my body real close to youTalkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you
Keepin' my body real close to youTalkin' 'bout lovin' you
Talkin' 'bout sexin' too
Talkin' 'bout kissin' you, touchin' you
Keepin' my body real close to youI don't need nobody but you
You don't need, nobody but me
Lovin' you, like one, two, three
All the things, you doin' to meI don't need nobody but you
You don't need, nobody but me
Lovin' you, like one, two, three
All the things, you doin' to me
