

# You're the Best Friend

Mike Denver

You've been here beside me  
And shared all my dreams through the years  
We've shared all the laughter  
And sometime you dried all my tears

You stood close beside me  
And held me when good times turned bad  
I need you to know  
You're the best friend that I've ever had

Together we've laughed  
As we walked hand in hand in the rain  
All the good times we've had  
Comes back to my memory again

And now as the years pass  
They're turning from silver to gold  
I pray we will share them together  
As we're growing old

You're my best friend the one friend  
I know will be there come what may  
You're the one I depend on  
The one friend I turn to each day

So if sometimes I hurt you and the things  
That I say makes you sad  
Remember I love you and  
You're the best friend that I've ever had

Instrumental Break

You're my best friend the one friend  
I know will be there come what may  
You're the one I depend on  
The one friend I turn to each day

So if sometimes I hurt you and the things  
That I say makes you sad  
Remember I love you and

You're the best friend that I've ever had

Ooh remember I love you and  
And you're the best friend that I've ever had
