

# Set Your Heart

Cyndi Lauper

Sendin' you faithful love  
When your heart is beaten black and blue  
And the whole world is lookin' back at you  
And you're feelin' low around the bend  
Go on, turn around, you'll see me  
I will always be your friend  
Set your heart free  
Your heart free  
Yeah, yeah, yeah, yeah, baby  
Said you can't say much about today  
Just some dark cloud comin' back your way  
And that your dreams are all worn thin  
Oh, you better stop with all that talk before it all starts happenin'  
Set your heart free  
Your heart free  
Yeah, yeah, yeah, yeah, baby  
Your heart free  
Your heart free  
Yeah, yeah, yeah  
  
Listen to your heart  
Come on  
When your heart is beaten black and blue  
And the whole world is knockin' down at you  
And you're startin' to become unglued  
Don't go there, baby, come on, you know I love you  
Set your heart free  
Your heart free  
Yeah, yeah, yeah, yeah, baby  
Your heart free  
Your heart free  
Yeah, yeah, yeah  
Your heart, your heart  
Set your heart free  
Yeah, yeah, yeah, yeah  
Set your heart
