Sip It Slow

Emi

Double cup sippin'
Come try somethin' different
I just drank up all the soda
Got no ticket but I'm trippin'
Yeah everything is spinnin'
Slowin' down my vision
I'ma pour another four like
Fuck my inhibition
She ain't wanna try it
Said it might fuck her night up
But I know that she'll like it
Dip the blunt and then we light up
Purple in my swisher
Purple in my white cup
Yeah I fuck with the Actavis
You can't get it like us, no
Sip it slow
(Pour you up a drink, we could share it with the squad now)
Sip it slow
(Pour you up a drink, we could share it with the squad now)
Sip it slow
(Pour you up a drink, we could share it with the squad now)
Sip it slow
(Pour you up a drink, we could share it with the squad now)Lean on me like Still Bill
My cup so full it might spill
Y'all are talkin' too fast
Yeah I'll sell you a chill pill
You Robitussin drinkin'
What the fuck you thinkin'?
Yeah I can tell it's fake
Cause when you pourin' it ain't sinkin'
More lean than a cholo
All decked out in polo
All their bitches love me
So they wanna take a photo
Oh baby bottle measure
I do this for pleasure
If you lookin' for that real, baby
You can't do no better, no

Sip it slow
(Pour you up a drink, we could share it with the squad now)
Sip it slow
(Pour you up a drink, we could share it with the squad now)
Sip it slow
(Pour you up a drink, we could share it with the squad now)
Sip it slow
(Pour you up a drink, we could share it with the squad now)Pour you up a drink, we could share it with the squad now
Pour you up a drink, we could share it with the squad now
Pour you up a drink, we could share it with the squad now
Pour you up a drink, we could share it with the squad
