Believe In Us

Mint Condition

Feel I want you to know
You're more than beautiful
You know I see you
Cause you know I like it girl
You don't have to check on me
Cause with you is where I wanna be
If it's what you want,
You better show me baby girl
Girl you believe in us
Like I believe in us
Do you believe in love
Like I believe in love

[Chorus]
Girl do you believe? Do you believe in us?
Could you believe in trust? Like I believe in trust
Could you believe in god? Like I believe in god
Do you believe, could you believe in us?

Won't you just take my hand
And let's start making plans
I wanna share, share the world with you girl
You should put your trust in me
It's the only way you see
Then I'm 100, gonna make you feel secure
Girl you believe in us
Like I believe in us
Do you believe in love
Like I believe in love

[Chorus]
Girl do you believe? Do you believe in us?
Could you believe in trust? Like I believe in trust
Could you believe in god? Like I believe in god
Do you believe, could you believe in us?

I know you're, in all in girl
And I'm ready to fall right in girl
I know you've heard, this before
But this is different, cause girl I love you more

Girl I see, no reason, why we don't stop this season
Where you wanna go, I can take you there
If you open up, I can show you how I care
Wanna show you how I care

[Chorus]
Girl do you believe? Do you believe in us?
Could you believe in trust? Like I believe in trust
Could you believe in god? Like I believe in god
Do you believe, could you believe in us?

I know you're, in all in girl
And I'm ready to fall right in girl
I know you've heard, this before
But this is different, cause girl I love you more
Girl I see, no reason, why we don't stop this season
Where you wanna go, I can take you there
If you open up, could you believe in us?
