Wait

Good Shoes

Wait I've got something to say and
Wait I think there is something going wrong

I know I know I know I know but then again I really really don't know

Wait stop look listen to what I've got to say everything around here seems to be going your way I Know I know
I know I know but then again I really just don't care
Two time one two times one he shouted into his phone
You just don't understand a thing I wish things had started before they finished

Wait stop look listen to what I got to say
Everything that's happened recently has been your mistake
I don't think that you could be anymore arrogant
I'm in control no I'm in control but then again I've lost all of my control

Two time one two times one he shouted into his phone
You just don't understand a thing I wish things had started before they finished

Two time one two times one he shouted into his phone
You just don't understand a thing I wish things had started before they finished
