Midnite Maniac

Krokus

Did you read it in the paper
'Bout the danger comin' your way
She'll tear you up at midnight
Killer on the looks get out of her waySex machine terrorizin' dream
Lock the door tonight
She's got it all she can walk through a wall
Better run for your lifeAnd in the light of day
In hidin' she will stay
Watch out at midnight
Feel her shadow on your face(Midnight maniac)
She's a killer at large
(Midnight maniac)
Lock your door
'Cause she can't be farDid you hear it on the radio
Crimes of passion makin' the news
It happened after midnight
In your neighborhood could've been youSex machine terrorizin' dream
Lock your door tonight
She's got it all she can walk through a wall
Better run for your lifeAnd in the light of day
In hidin' she will stay
Watch out at midnight
Feel her shadow on your face(Midnight maniac)
She's a killer at large
(Midnight maniac)
Lock your door
'Cause she can't be far(Midnight maniac)
She's a killer at large
(Midnight maniac)
Lock your door
She knows where you are(Midnight maniac)
She's a killer at large
(Midnight maniac)
Lock your door
'Cause she can't be far(Midnight maniac)
She's a killer at large
(Midnight maniac)
Lock your door
She knows where you are
