Nothing Is Forever

Dusty Springfield

Nothing is forever
Always is a dream
Life goes by so fast
You try to make it last
The future turns to past
And summer turns to snow
Ohhh....OhhhNothing is forever
I will understand
If you want me for tonight
Just come and hold me tight
And with the morning light
If summer turns to snow
You can go
Ohhh....Ohhh....Now here I am wanting you
Yes here I am wanting toFor a lifetime or a day
Or just the month of May
Well, it's easier to stay
Knowing you can go
Ohhh....Ohhh....And nothing is forever
Nothing is forever
