Let Me Try Again

Skank

I Know I said that I was leaving
But I couldn't say goodbye
It was only self deceiving
To walk away from someone who

Means everything in life to you
You learn from every lonely day
I've learned and now I'm back to say
I was such a fool to doubt you

To try to go it all alone
There's no sense in life without you
Now all do is just exist
And think about the chance I've missed

To beg, is not na easy task
Pride,such a foolish mask
Let me try again
Think of all we had before Let me try once more

We can have it all
You and I again
Please forgive me or I'II die
Let me try again
