No Mercy

Racoon

She walks in and says: "Come on, let's have it"
Brings out the worst that you can be
It's a good day for a bad habit
And don't you dare to disagree
She likes the surf along
Cheap bastard thinks he's something groovy
Straight down from church, you wanna bet?
She'll play him like some kind of movie
Then smokes the last of his cigarettesShe's got no mercy for the soldiers
No mercy for the king
No mercy for the soldiers
No mercy for the king
No mercy for the soldiers
No mercy for no king
No mercy for no kingShe picks his heart like it's a pocket
She wears her hair like it's a crown
She sees straight through all his cool poses
She'll hold the leash. Good dog, stay downShe's got no mercy for the soldiers
No mercy for the king
No mercy for the soldiers
No mercy for the king
No mercy for the soldiers
No mercy for the king
No mercy for the kingWow, there won't be any mercy
Not unless you've got a diamond ring
Oh no there won't be no 'excuse me'
No mercy for the king of everythingNo mercy for the soldiers
No mercy for the king
no mercy for the soldiers
No mercy for the king
No mercy for no soldiers
No mercy for no king
No mercy, oh no mercyNo mercy for the soldiers
No mercy for the soldiers
No mercy for the soldiers
No mercy for no king
No mercy for no king
