Weakest Link

Like Vultures

Ayy, it's your boy Don P right, right Trillville, Corlio
I need all my niggaz to look around, look around
You see some hoes in the atmosphere?
I see them
You know what they is?
We don't give a Fuck today nigga
They the weakest link ayy, ayyy
Tell them niggaz goodbye
As far as I can see you're a bitch to me
As far as I can see you're a bitch to me
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
As far as I can see you're a bitch to me
As far as I can see you're a bitch to me
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
Ayy yeaa, they always askin', why I say yeah?
'Cuz I mean what I say
That's how I agree with myself
And I'm a keep it real
And you should keep believin'
'Cuz if you don't, you're the weakest link and you should be leavin'
Crunk as fuck and ain't no name
To the name that I'm schemin'
Like Michele Vic I'm talkin', shit ain't playin'
So, I don't need a reason
To knock you out the projects
Just take your fuckin' wallet
And make it a fuckin' project
And your hoes can't stop it
Like all around that open ass
I'm ready to shoot
When nigga all you do is fuckin' pass
It's the last day of class
So ain't no need to ask

'Cuz I ain't your teacher
I won't let you pass
I'm Don A..K.A
Slash Corlio
Who started this whole shit
Who put us all on
And the pro's they don't know
And the girls ready to fuck
Now, the only thing left is get rid of you fuckin' chumps, hey
As far as I can see you're a bitch to me
As far as I can see you're a bitch to me
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
As far as I can see you're a bitch to me
As far as I can see you're a bitch to me
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
Perpetratin' niggaz always like to talk that bullshit
I'ma let you feel it when these bullets start to talkin' spit
Right out the barrel of my rugers at you lame hoes
This is how it goes with my bitches matters with a hoe
Right through your dome 'cuz my chrome is my only friend
Nigga don't pretend to be down when you wasn't in
Smilin' in my face, I'ma stab you in the fuckin' back
Dressed in all black with the Tec ready to attack
Nigga you ain't hard, I'ma take your ass up off the map
Peelin' niggaz caps talkin' shit runnin' at they traps
I'm the realest nigga that you hoes Eva seen before

You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
As far as I can see you're a bitch to me
As far as I can see you're a bitch to me

You're the weakest link, goodbye

As far as I can see man, you're the bitch
You the weakest link out cha mother fuckin' click
Nigga step up if you down to gettin' hit
If you quit talkin' all that monkey ass shit

I'ma let it get you
Right where it hit you
They gun have to stitch you
Real niggaz don't ride with you
That's why a nigga grillz you
I see the bigger picture
But don't nobody miss you
Your bitch can't even kiss you
So she about to ditch you
Or better yet quit you

If she ask I got a dick
So pass me the swizzle

And when I pull it out

As far as I can see you're a bitch to me
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
You're the weakest link, goodbye
As far as I can see you're a bitch to me
As far as I can see you're a bitch to me
