Is This Love

Maoli

Oh yea, oh ooh
Na na na na na (3x)

CHORUS:
Is this love we got,
if isn't love now let it stop
Is this love we got,
don't let it go, don't let it go
Is this love we got,
cause I'm ready to put you on top
Is this love we got,
if it is don't let me fade away (away, away)
Don't let me fade away (away, away)

VERSE 1:
Is this original,
Feeling me up and still I can't get enough, no
Is this the kind of feel I like,
Wrapping up I think I just seen the light, yea

Seeing what you've done to me
I'm feeling like I just can't breathe
Let love arise, bring forth my prize
To see and not hide, so tell me now

CHORUS:
Is this love we got,
if isn't love now let it stop
Is this love we got,
don't let it go, don't let it go
Is this love we got,
cause I'm ready to put you on top
Is this love we got,
if it is don't let me fade away (away, away)
Don't let me fade away (away, away)

VERSE 2:
Well time you spend wisely
Pray good things upon your enemy, yea
With love you've got victory

Brilliance here to shine upon me, yea

Some things I need to see
Some words I need to read
Some love I really need
If this is, then let it be (if this is, let it be)
Know it's hard you see, so won't you just tell me

CHORUS:
Is this love we got,
if isn't love now let it stop
Is this love we got,
don't let it go, don't let it go
Is this love we got,
cause I'm ready to put you on top
Is this love we got,
if it is don't let me fade away (away, away)
Don't let me fade away (away, away)

BRIDGE:
I know I'm not perfect, yet you still feel for me
Tell me what this is, tell me what it is (oh yea)
This way that I'm feeling, where does it lead
Where does it lead, somebody won't you tell me

CHORUS (TIL FADE OUT):
Is this love we got,
if isn't love now let it stop
Is this love we got,
don't let it go, don't let it go
Is this love we got,
cause I'm ready to put you on top
Is this love we got,
if it is don't let me fade away (away, away)
Don't let me fade away (away, away)
