Sugar Mama

Josh Blake's Jukebox

Sittin here worryin' while your lookin' to find yourself, somebody else
But me lovin' you and wantin' you baby
You not knowin' what you want yourself
Why do you treat me so mean? It hurts so badAll you wanna do is just sit around and jive
Dont' even know this woman's alive now
Sittin' here worryin' while your lokin' to find yourself
Somebody elseAin't gonna be no sugar mama no more
Well you can't have love people when you're keepin' score
All you pretty boys, you used to catch my eye
I just want one who wants to satisfy
Ain't gonna be no sugar mama no moreWell I'm sittin' here worryin' while your lookin' to find yourself
Somebody else, but me lovin' you nobody but you
You not knowin' what you want yourself
All you pretty boys used to catch my eye
I just want one who wants to satisfy
Ain't gonna be no sugar mama no more
No I,ain't gonna be no sugar mama no moreYou see I need aAin't gonna be no sugar mama no more
Ain't gonna be no sugar mama no more
Ain't gonna be no sugar mama no more
Ain't gonna be no sugar mama no more
