Dubi Dam Dam - Da Dubi Dibi Dam When I was lying in my bedroom  
There was a scary sound behind the door  
It was a sound of space and nowhere  
I never heard before  
Got out of bed and saw this green light  
There was something going on  
But then I saw an alien and he  
began his song It goes  
Dubi Dam Dam - Da Dubi Daba Dibi Dam

Dubi Dam Dam - Da Dubi Dibi Dam He stood in front of his blue starship  
I saw that he could fly just like a bird  
He told me stories about his planet  
Across the universe  
With lots of fun we talked for hours  
But later on he had to leave  
Now he is gone but I can still hear  
His little melody It goes
