

# Listen to the Band

Michael Nesmith

Hey hey mercy woman  
Plays a song and no one listens  
I need help I'm falling again  
Yeah, play the drum a little bit louder  
Tell me I can live without her  
If I only listen to the band  
Listen to the bandWhoa weren't they good  
They made me happy  
I think I can make it aloneWhoa-oh mercy woman  
Plays a song and no one listens  
I need help I'm falling again  
Yeah, play the drum a little louder  
Tell me I can live without her  
If I only listen to the band  
Listen to the bandWhoah weren't they good  
They made me happy  
I think I can make it aloneYeah mercy woman  
Plays a song and no one listens  
I need help I'm falling again  
Yeah, play the drum a little louder  
Tell me I can live without her  
Now that I have listened to the bandOh, weren't they good  
They made me happy  
I think I can make it aloneWhoa-oh mercy woman  
Plays a song and nobody listenin'  
I need help I'm falling again  
Play the drum a little louder, Johnny  
Tell me I can live without her  
Now that I have listen to the band
