Check Out Your Mind

The Impressions

Here's something that you never had
It slid in on an oily rag
The price is right up on the tag
I'll put it in a brand new bagThis thing will let you be yourself
And won't offend nobody else
Nothing like you ever saw
And it's not against the lawWhy don't you check out your mind
Been with you all the time
Why don't you check out your mind
Been with you all the timePeople thinking they've been took
Just finding out they over looked
They never found the missing link
Forgot they got a mind to thinkWhy don't you check out your mind
Been with you all the time
Why don't you check out your mind
Been with you all the timeCheck out your mind
Check out your mind
Check out your mindTrust in me and I in you
No matter what you see me do
I'm doing me for all I'm worth
None do be better on this earthWhy don't you check out your mind
Been with you all the time
Why don't you check out your mind
Been with you all the time
Why don't you check out your mind
Been with you all the time
Why don't you check out your mind
Been with you all the timeCheck out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind

Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
Check out your mind
