

Beautiful U R (Ali Payami Remix)

Deborah Cox

It's your life
Thing may not always go right, for you
In those times
Just leave it behind
Cause sometimes you gotta play the game
Just to survive
Without losing yourself
It's a fight, it's true
It takes time
Don't have all the answers
No matter how hard it gets
Hold on to what's inside Don't never let nobody bring you down girl
Don't never let nobody tear your world apart
Look in the mirror and see who you are
Beautiful U R In the dark
The paint chips have waited your heart
So deep
Can't you see
See the light in the distance
Open up your eyes, look, look to the sky
And believe
There's much more to life when you free
That's the key
And in time
You will find all the answers
Don't have to loose your pride
Hold on to what's inside Don't never let nobody bring you down girl
Don't never let nobody tear your world apart
Look in the mirror and see who you are
Beautiful U R Don't never let nobody bring you down girl
Don't never let nobody tear your world apart
Look in the mirror and see who you are
Beautiful U R Don't care what they say anymore
There's no time to be insecure
I leave it all at the door She staring at him in the face
She's taking it day by day
I'm finally on my way Don't never let nobody bring you down girl
Don't never let nobody tear your world apart
Look in the mirror and see who you are

Beautiful U R Don't never let nobody bring you down girl
Don't never let nobody tear your world apart
Look in the mirror and see who you are
Beautiful U R Beautiful U R [Repeat: x3]
