Untouchable

Johnny Ruffo

I can't wait any longer
'Cause this beat's gettin' stronger
I can feel it building up inside of me
You know you got my attention
Style and sophistication
But a girl like you don't look at a guy like meWatch the others try
Shot down in mid flight
One by one they fall at your feet
fall at your feet
Did the stars align or is it just my time?
Could you be the one for me, girl?The girl is so untouchable
So outta sight girl
I can't believe that
The girl is so untouchable
One of a kind girl
I've never seen that
The girl is so untouchable
And all the other girls
They wanna be that
The girl is so untouchable
Here I am girl, where you at?You are my Mona Lisa
Your colours never fade
You're like a symphony that can't be played
Timeless is your description
Baby, you're my prescription
Fading into the distance
We're gonna sail awayWatch the others try
Shot down in mid flight
One by one they fall at your feet
Fall at your feet
Did the stars align or is it just my time?
Could you be the one for me, girl?The girl is so untouchable
So outta sight girl
I can't believe that
The girl is so untouchable
One of a kind girl
I've never seen that
The girl is so untouchable
And all the other girls

They wanna be that
The girl is so untouchable
Here I am girl, where you at?I watch the others try
Shot down in mid flight
One by one they fall at your feet
Fall at your feet
Did the stars align or is it just my time?
Could you be the one for me, girl?The girl is so untouchable
So outta sight girl
I can't believe that
The girl is so untouchable
One of a kind girl
I've never seen that
The girl is so untouchable
And all the other girls
They wanna be that
The girl is so untouchable
Here I am girl, where you at?The girl is so untouchable
So outta sight girl
I can't believe that
The girl is so untouchable
One of a kind girl
I've never seen that
The girl is so untouchable
And all the other girls
They wanna be that
The girl is so untouchable
Here I am girl, where you at?
