

Tribulations (Lindström mix)

LCD Soundsystem

Everybody makes mistakes
But I feel alright when I come undone
You are not making me wait
But it seems alright as long as something's happening
I try to make you late
But you fighting me off like a fire does
You try making me wait
But it feels alright as long as something's happening
Get your payments from the nation
For your trials and tribulations
You try to make me wait
You come around when it's come undone
Everybody makes you late
And it's never you because you're always thinking
I try making you wait
And give you me some like you give it good
Everybody makes mistakes
But it seems it's mine that always keep on stinging
Get your payments from the nation
For your trials and tribulations
Get your payments from the nation
For your trials and tribulations
You try making me wait
But you come undone when you come undone
Everybody makes mistakes
But it's always mine that seem to keep on sticking
Get your payments from the nation
For your trials and tribulations
Get your payments from the nation
For your trials and tribulations
Get your payments from the nation
For your trials and tribulations
Get your payments from the nation
For your trials and tribulations
