

# Still Holdin' On

Martin Levac

Another crowd was cheering for us tonight  
So Iâ€™m still holdinâ€™ on to this road of dreams and songs  
I donâ€™t know when , when it all started  
But slowly I became , became addicted to the music  
So Iâ€™m still holdinâ€™ on

Oh but Iâ€™m feeling so weak now cos itâ€™s hard to get through  
Harder than you might know  
But even though Iâ€™ve tried to change and move ahead

Thereâ€™s still so much I have to learn, so many stages left to burn  
The curtain falls, and Iâ€™m still holdinâ€™ on  
Thereâ€™s a way to get off this shelf, and still give the best of myself  
Before itâ€™s gone, so Iâ€™m still holdinâ€™ on

My youth is gone, gone for a long long time  
But I stayed in the light, now I know that was I right oh oh  
Driven with sounds , sounds of human souls  
And the need to bring the music to the abandoned and downhearted  
So I â€™m still holdinâ€™ on

Oh but Iâ€™m feeling so old these times so I need you  
And I rely on you my friends  
So we can get up there and still rock the placeâ€™
