

# You Wouldn't Know Me

Miranda Lambert

You wouldn't know me  
If you saw me here  
Wake up at your front door no more  
You'll never know me by askin' how I been  
You'll never keep up that way  
Stop sign, stop sign  
That's all she threw at me  
Till I don't feel like home no more  
Wings on fire, I caught outside of a brand new home  
Buried in your heels  
I told her  
You wouldn't know me  
If you saw me here  
Wake up at your front door no more  
You'll never know me by askin' how I been  
You'll never keep up that way  
That's what I say  
Bad news is better than what you been handing me  
What's been going on with you my friend  
Promise me, promise me  
Don't ask that of me now  
Won't you just send me some word  
I told her  
You wouldn't know me  
If you saw me here  
I'm changing day to day that's right  
You'll never know me by askin' how I been  
You'll never keep up that way  
That's what I say  
I told her  
You wouldn't know me  
If you saw me here  
I'm changing day to day that's right  
You'll never know me by askin' how I been  
You'll never keep up that way  
Well you wouldn't know me  
You wouldn't know me
