

# Thank You (Interlude)

## Profyle

Yeah, yeah, yeah  
We're at the end  
Whoa  
We just wanna take this time  
To thank God, our family  
Our friends, Motown  
All of our fans  
We just wanna say we love you  
And thank you  
Profyle  
Nuthin' but drama Too many ways to thank you  
So many ways  
Too many ways to love you
