

Chasing the Rain

Tenderfoot

I will never learn
this much is true
keep running round in circles
keep coming back to you

With all that Iâ€™ve learned
not much to show
youâ€™d think by now
at least some things Iâ€™d know

I need you so much
so i talk like i donâ€™t
the game is all there is
when you use those broken bones

its all about the rise
followed by the fall
you donâ€™t want either
and i want it all

cuz its cold outside
and weâ€™re chasing the rain
nobody comes for you
when youâ€™re chasing your pain

cuz its cold outside
and weâ€™re chasing the rain
nobody comes for you

I will never learn
this much is true
keep running round in circles
keep coming back to you
