

# Spirit

## Earth, Wind & Fire

Many years has passed and a day still we walk  
In a path that leads to the light  
Shining down on this great beyond  
Thoughts ignite us, let love unite us Then turn your face to the wind  
And taste his love within You find a friend everlasting love you can depend  
And everytime you smile you bless a child  
Our spirit perpetuates  
Our spirit meditate love and faith We must make our brother see  
That the light is he shining on you and me  
And the land he gave, roads we must pave  
Looking through each others eyes  
Humanity will rise in love, hey in love, in love, in love
