

Light In Your Eyes

Sheryl Crow

Somethin' is happenin'
Everything's different but everythin' is fine, yea
This is the good stuff
Yesterday's only what you leave behind
It's only in your mind You gotta talk to the one who made you
Talk to the one who understands
Talk to the one who gave you
All the light in your eyes
All the light in your eyes No use pretendin'
You never existed until you saw the light, yea
Ohh you're just beginnin'
You haven't missed it, it's all ahead of you
And you know what to do You gotta talk to the one who made you
Talk to the one who understands
Talk to the one who gave you
All the light in your eyes
All the light in your eyes Here comes the world
And she is beautifully mysterious
She's got it all and you say
"Give it to me" Nobody's happy
That's not the world I know inside
Where everybody hides You gotta talk to the one who made you
Talk to the one who understands
Talk to the one who gave you
All the light in your eyes You gotta talk to the one who loves you
Talk to the one who understands
Talk to the one who gave you
All the light in your eyes
All the light in your eyes Yea, thank you thank you
Yea, everythin' great and small
Yea, thank you thank you
For the light in your eyes Yea, thank you thank you
Yea, everythin' great and small
Yea, thank you thank you
For the light in your eyes
For the light in your eyes
