

Urban Struggle

The Vandals

I want to be a Cowboy - I got to be a Cowboy - I'm born to be a Cowboy - I want to be a Cowboy - A Cowboy!
Uh-huh - Tonight we're taking me fast car - Were gonna go down to the Cowboy bar - I'm gonna wait till the
club is full - and I'm gonna ride the mechanical bull - Cowboy look is the one I sought - Can't change now
cause the clothes are bought - To be a true Cowboy was my fate - I can't help it if I was born late - All the
Cowgirls in their Stetson hats - and their tight fitting jeans so they don't look fat - We'll all be listening to the
Cowboy tunes - and stomp around like a bunch of goons - Cowboy look is the one I sought - Can't change now
cause the clothes are bought - To be a true cowboy was my fate - I can't help it if I was born late - We're all
OD'd on the Olden West - seein' who's Cowboy clothes look the best - I can ride that phony bull so damn
good - Sometimes I think I'm Clint Eastwood - Cowboy look is the one I sought - Can't change now cause the
clothes are bought - To be a true cowboy was my fate - I can't help it if I was born late - I know I'm a Cowboy
deep inside - My hat band's made out of synthetic rattle snake hide - After a couple shit kickin' Cowboy
movies - I'll check out the Cowboy scene down at Zubie's - Cowboy look is the one I sought - Can't change
now cause the clothes are bought - To be a true cowboy was my fate - I can't help it if I was born late - Find out
who all fights the best - We start fights with them punks at the Cuckoo's Nest - Those damn punks are
crazy(though) - and meaner than a bull at a rodeo - Cowboy look is the one I sought - Can't change now cause
the clothes are bought - To be a true cowboy was my fate - I can't help it if I was born late - You call me an
Urban clone of course - A big deal if I'm afraid to ride a horse - With a broken nose and a fucked up knee -
Maybe this Cowboy scene just ain't for me - Cowboy look is the one I sought - Can't change now cause the
clothes are bought - To be a true cowboy was my fate - I can't help it if I was born late - Yee Haw - Cowboy
look is the one I sought - Can't change now cause the clothes are bought - To be a true cowboy was my fate - I
can't help it if I was born late. I couldn't make it as a punker.
