

# Tainted Metal

## Hammerfall

Here the screams from down below  
The cry of the raven, the demons and wizards  
In league with the dark Feed the fire nourish the flames  
The hammer is pounding the steel in its grace  
By via crucis, embraced Born out of wedlock, the spirit is lost  
Ordeal of ingestion, the way of the cross Oh its  
Tainted metal  
Tainted metal No return nowhere to go  
The wands of the wizards call demons to fetter  
Their heart broken souls  
Face the fire, defiling the steel  
The blood of the heathens, their guts and their gore  
Weakens the sword to the core Born out of wedlock, the future came fast  
Trial by fire, iconoclast Oh its  
Tainted metal  
Tainted metal  
Oh its Tainted metal  
Tainted metal  
Blackens the power of steel Born out of wedlock, thy spirit is lost  
Ordeal of ingestion, ordeal of the cross Oh its  
Tainted metal  
Tainted metal  
Oh its  
Tainted metal  
Tainted metal  
Blackens the power of steel Oh, oh its  
Tainted metal Oh its  
Tainted metal Oh its  
Tainted metal
