# Sign Of The Times

## Three Days Grace

(2x)
This is the sign of the times
Another mountain to climb
The sun burns as hot
As the flame in the Devil's eyes.
Oh, oh, oh...
There's chaos on the rise.
The sky is raining knives.
We have mistaken
the toll that it's taking on....
You and I... (2x)
There's chaos on the rise
The sky is raining knives
We have mistaken
the toll that it's taking on....
You and I...
The oceans have all gone dry.

Venus is passing by...
You and I... (x2)
There's chaos on the rise
The sky is raining nights
We have mistaken
the toll that it's taking on...
You and I...
I give you what you need (2x)
You and...
You and...
You...
I give you what you need
(2x)
We have mistaken
the toll that it's taking on
(3x)
I give you what you need
