Gypsy Girl

Dean Brody

Audrey baby
Where?s your tambourine
Gypsy girl around the world your sailing
Cardboard waves
Moving left and right
Catch the breeze that moves you to the sunlight
Do your best
Get here soon

Listen for the clouds that I have sent you
And you will hear them
You will hear them cry
You will hear them
You will hear them cry
I?ve been sleeping
Harder than a stone
Trying not to wake up ?til you get home
