Your Best Friend

Green Lizard

Dreams were made to last in storybooks
Just like the hero of the day
You read untill they walk into your world
And make the demons go awayYou know i'm here
I'll take good care of you now
Forget your fear
You'll have no use for it now
Just dry your tears
Before your drowning in now
You know i'm here
I'll take good care of you now
I'll be the one you always want me to
Forget the things that i have done to you
'cause it was not the first time or the last time
I have lied to you
I'll be the one you always want me toYou try to hide the tremble in your voice
And fight to stay awake all day
Afraid your life is nothing but a toyYou know i'm here
I'll take good care of you now
Forget your fear
You'll have no use for it now
You know it's near
You can't escape from it now
Just dry your tears
It's way too late for you now
I'll be the one you always want me to
Forget the things that i have done to you
'cause it was not the first time or the last time
I have lied to you
I'll be the one you always want me toI'll be the one you always want me to
Forget the things that i have done to you
'cause it was not the first time or the last time
I have lied to youI'll be the one you always want me toO-o-oooooh
