

# Blown Away

Dogstar

I miss the way you smell  
I miss the time we had  
I pushed it to the end  
I threw myself down again I miss the light I miss the day  
I'm on the ground I'm blown away  
In a world that's gone I need  
Another day  
Blown away I miss the way you stayed  
I will return there someday  
I pushed it to the end  
I threw myself down again I miss the light I miss the day  
I'm on the ground I'm blown away  
In a world that's gone I need  
Another day  
Blown away
