I Say Yes

Montell Jordan

Ah, thank You Jesus
You know, I want to take just a moment and speak to you
I don't know who you are or where you are
What's going on in your life
I do know that sometimes, circumstances
And situations come against us
We ask, "Where is God?
Is there anybody who can help us?"
I want you to know that God is not very far from you
Whoever you are, wherever you've been
Whatever you've done, He's right there
As close as the breath you just drew
As close as the fingers on the end of your hand
God is right there, He's everywhere
But you know, He only comes where He's invited
And when you need His help
All you've got to do is open your mouth and call out to Him
Just tell Him yes, it's that easy, it's that simple
All of the work for Him to come into your life has already been done
All you've got to do is just tell Him, "Yes"
