

In This Life

Boyzone

For all I've been blessed with in this life I was imprisoned by the power of gold There was an emptiness in me
Let them tell me love's not worth going through With one honest touch you set me free Let the world stop
turning Let the sun stop burning If it all falls apart I will know deep in my heart The only dream that mattered
had come true For every mountain I have climbed In this life, I was loved by you You were the treasure that I
longed to find And ever raging river crossed Without you love I would be lost [CHORUS] In this life, I was
loved by you
