

# Try to Find You

## Guided By Voices

Gonna try to find you  
No matter where you may go  
Gonna try to find you  
With every angle I know I got ???  
Got no secrets to keep  
Got an ??? to retrieve you  
???

But ????

And my problem won't let me believe you  
Begging of you  
That I'll make an appeal  
To your ???  
???

??? to deserve you (the ladies start talking here)
