

# Whatcha Like

Keith Sweat

Yeah, uh-uh  
Yeah, yeah  
Yeah, whatcha like?  
Yeah yeah  
What, what, what, what, whatBaby, I'm scopin'  
I got you wide open  
I know you want some  
Some of this love of mine'Cause I'm not your average trick  
It takes a lot to get with this  
If you want my lover  
You gotta wine and dineAnd wait a minute baby  
You must think I'm crazy  
Trickin' is to me  
One of my favorite past-timesNah, I'm not used to spendin' money  
Just to get some honey  
But you know girl, there's always a first time  
For everything, lemme sayI know whatcha want  
I know whatcha need  
Gonna give ya  
Whatcha like, whatcha likeYou know what I want  
You know what I need  
Can you give me  
What I like, what I likeGirl, I'll take you, where you never been before  
I'll go down girl and give you so much more  
Please come to me, I'll supply your every need  
Satisfaction, baby, guaranteedNow I've heard that game before  
But you've got to give me more  
I like diamonds and plush cars  
I wanna be the starBoy don't take advantage  
That bullshit, I can't stand it  
I'm tired of givin' love and bein' hurt  
So first thing's, first babyI know whatcha want  
I know whatcha need  
Gonna give ya  
Whatcha like, whatcha likeYou know what I want  
You know what I need  
Can you give me  
What I like, what I likeYou better get your shit right  
Boy ain't got much equipment

For you to come prepared for me  
'Cause I'ma catch you slippin'The bullshit, I'm skippin'  
No dicks, I'm dippin'  
Watch your mouth, it ain't no trippin'  
While this madam is flippin'And I'm sippin' Perione with the thong  
Gone in the jacuzzi  
Call this nigga to get my bone on  
Come screw me, like the driverDo amazing shit like Macgiver  
Check out how I flip it when I ride ya  
I hypnotize ya with the twistin' of my hips  
I mesmerize ya with the lickin' of my lipsAnd I feed him a mouthful  
Five from that snack, she packin'  
In the sack, she lackin'  
Ain't no slackin', I'm mackin'Get the fuck back and recede like a hairline  
Pull some shit, you gon' see me take care of mine  
The bomb [Incomprehensible] poetess be on a paper quest  
For little D, my mama and me, fuck the restI know whatcha want  
I know whatcha need  
Gonna give ya  
Whatcha like, whatcha likeYou know what I want  
You know what I need  
Can you give me  
What I like, what I likeI know whatcha want  
I know whatcha need  
Gonna give ya  
Whatcha like, whatcha likeYou know what I want  
You know what I need  
Can you give me  
What I like, what I like
