Future Love

Holle Mangler

Couple of years, and I'm gonna know your name
And it's like I waited for you forever, and I know this might sound insane
But it won't be long 'til we're gonna take this up
What I'm talkin' about? Our future love
You're so far away, maybe you're right next door
Got me picturing your face again, something worth waiting for
I put all the others behind me, they don't live up
I know what I want, what I need to the T
Baby, if they ask me, I would say I don't even know your name
And when they ask me, does it change? No, it don't change a thing
'Cause there's somethin' 'bout the way you love me
There's just somethin' 'bout the way you know me
And I can't explain enough
There's just somethin' 'bout our future love, future love, future love
Somethin' 'bout our future love, future love, future love
Walkin' hand in hand, goin' on a second date
I can picture how we're touchin' and a kiss I can almost taste
I've imagined all the ways we'll meet for the very first time
I can see the place, feel the love at first sight
Baby, if they ask me, I would say I don't even know your name
And when they ask me, does it change? No, it don't change a thing
'Cause there's somethin' 'bout the way you love me
There's just somethin' 'bout the way you know me
And I can't explain enough
There's just somethin' 'bout our future love, future love, future love
Somethin' 'bout our future love, future love, future love
I know the minute you pull up next to me
We're standin' there like destiny
When it feels like you're fightin' just to breathe, that's when you know
The minute I pull up next to you
Suddenly you don't know what to do
Everythin' inside you says that I'm the one
Baby, if they ask me, I would say I don't even know your name
And when they ask me, does it change? No, it don't change a thing
'Cause there's somethin' 'bout the way you love me
There's just somethin' 'bout the way you know me
And I can't explain enough
Baby, if they ask me, I would say I don't even know your name
And when they ask me, does it change? No, it don't change a thing

'Cause there's somethin' 'bout the way you love me
There's just somethin' 'bout the way you know me
And I can't explain enough
There's just somethin' 'bout our future love, future love, future love
Somethin' 'bout our future love, future love, future love
Future love, future love, oh, future love, future love, oh
