

Only Tennessee (feat. Clare Bowen)

Nashville Cast

Low lying clouds
Birds singing all night long
I see the hills
In my dreams and hear the bells
hear the bells
In my bones Never thought I would give in
Now you're underneath my skin
Only Tennessee, only Tennessee
Only Tennessee can save me now Late sea long roads
Trees bending in the wind
I'm coming home
While your flowers in the fields
In the fields
Of my mind Never thought I would give in
Now you're underneath my skin
Only Tennessee, only Tennessee
Only Tennessee can save me now I feel the sunshine
is coming through
Its coming through
Coming through Never thought I would give in
Now you're underneath my skin
Only Tennessee, only Tennessee
Only Tennessee can save me now
