

Intro-lude 8701

[Usher](#)

8701

Man it's been a long time coming
But I never forgot about you, I'm here
Yeah, we've traveled the world
Seen a lot of places, so many faces We had a good time we've grown together
Who would've thought we'd stay down this long, eh?
This is my chance to share my world with you
And I know you're gonna like it, are you ready?
