

What Shouldn't I Be?

Sampha

You can always, you can always come home
I know you've been out there, out there on your own

Out there on your own

I wake up in my own skin again

Thinking all about me What shouldn't I be?

What shouldn't I be?

What shouldn't I be?

What shouldn't I be today?

Family ties

Put them 'round my neck

I'm walkin' 'round high

A ghost by my side

Challenges come

Challenges come and they go

I need someone to help me down

You can always come home

You can always come home

A mother always knows

I needed to grow

Just, it's all about you now And what shouldn't you be?

What shouldn't you be?

What shouldn't you be?

I should visit my brother

But I haven't been there in months

I've lost connection, signal

To how we were What shouldn't I be?

(What shouldn't I be?)

It's not all about me

(What shouldn't I be?)
