

# Unity

## TheFatRat

(The music until the middle part of the song)

Stand together like we're Ox in a wall  
Growing stronger everyday even more,  
Stand together in the eye of the storm,  
And show the whole world who we are, ohhh  
Keep on walking to the sound of the drums,  
Feel the fire run through our lungs  
Find our treasure in the light of the Sun,  
And show the whole world who we are, oooooohh
