Shotgun Man

Bang Tango

Oh, where's my gun?
I want to have some fun
When you look ahead
That's where I dive right inDon't try to help me
Don't try to tell me
Just take a look inside of my head
Only time can tellIf I'm to go to hell
When you see my face
That's where you lose your trace
Don't try to help meDon't try to tell me
Just take a look inside
I'm a shotgun man, shot
I'm a shotgun man, shotIt's a lie, good God
Need my shot
Shot, shot, shotgun man
Shotgun manReady to fire
Watch you bleed
Where's my gun?
Hey, dad too many diedAin't enough
Shotgun
Don't try to help me
Don't try to tell meJust take a look inside of my head
ShotI'm a shotgun man, shot
I'm a shotgun man, shot
I'm a shotgun man
Well, I'm a shotgun manListen
Shotgun, shotgun
It'a a lie, good God
