

Shotgun Man

Bang Tango

Oh, where's my gun?
I want to have some fun
When you look ahead
That's where I dive right in Don't try to help me
Don't try to tell me
Just take a look inside of my head
Only time can tell If I'm to go to hell
When you see my face
That's where you lose your trace
Don't try to help me Don't try to tell me
Just take a look inside
I'm a shotgun man, shot
I'm a shotgun man, shot It's a lie, good God
Need my shot
Shot, shot, shotgun man
Shotgun man Ready to fire
Watch you bleed
Where's my gun?
Hey, dad too many died Ain't enough
Shotgun
Don't try to help me
Don't try to tell me Just take a look inside of my head
Shot I'm a shotgun man, shot
I'm a shotgun man, shot
I'm a shotgun man
Well, I'm a shotgun man Listen
Shotgun, shotgun
It's a lie, good God
